

The Blue Bucket Project began with one bucket, a trash grabber, and a friend. It quickly turned into a mission to provide anyone with the tools to help clean up our community.

The Blue Bucket Project is a 501c3 nonprofit! We're working to make our community a better place, one bucket and one person at a time. And we'd love to have you join our crew.

Since 2021 we have given away over 500 Blue Bucket Litter Pickup Kits, hosted many Flash Trash Mobs and collected hundreds of bags of trash in high-traffic Omaha-area intersections and several parks. Along the way, we've acquired a diverse following of volunteers who regularly join the 60-minute trash blitzes and clean up their own neighborhoods on their own time.

What's in a Blue Bucket Litter Pickup Kit?

- 5-gallon Lowe's blue bucket
- Trash bags
- Grabber tool
- Reusable gloves
- Safety vest

What's our goal?

- Provide Blue Bucket Litter Kits for individuals and families. First kit is complimentary, others - \$20.
- Collaborate with small groups and businesses. We also do teamwork and lend kits for service projects. Groups larger than 30 we refer to Keep Omaha Beautiful, one of our collaborating partners.
- Provide many fun, safe opportunities to keep our community litter-free. (Flash Trash Mobs-60 min clean ups in needy areas)

How can you help?

- Follow The Blue Bucket Project on Facebook or BBPOmaha on Instagram. To order your litter pick up starter kit or join the fun at a Flash Trash Mob check out www.bluebucketprojectomaha.org fill out a contact form.
- Consider donating to help us pay for litter kits, which cost about \$25 each, at www.bluebucketprojectomaha.org.

We need YOUR help today to continue to improve our community one bucket and one person at a time. Thanks for your consideration and thank you for your willingness to help keep our environment cleaner and safer. bluebucketomaha@gmail.com
